Landon Runs Strong In Poll Nat. Tabulation Under Way

By John Thomas Wilson

New York, August 15.—First scattered returns in the Presidential poll, to reach Straw Vote headquarters here this week, score Landon highest in the initial tabulation of the nation-wide weekly newspapers' poll.

Ballots were received and tabulated from 23 states. But votes in sufficient number to actually indicate a majority of what the final returns may show, were available in only five of those states.

Nevertheless, on all returns from the 23 states, as between the two leading candidates only, the ballots show voters' choices as follows:

Landon	54
Roosevelt	46

The 23 states from which first scattered ballots were received here for national tabulation are:

California, Connecticut, Florida, Illinois, Indiana, Iowa, Kansas, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Texas, Vermont, Washington and West Virginia.

Hearing out early surmises of political observers that support of the Union party candidate, Landon, would come from the small towns and rural America, the tabulations of first total returns from the same 23 states, encloses division of choices in this manner:

Landon	50.9
Roosevelt	49.1

In only one state, Michigan, of the 23 from which first returns were received here, was the vote of sufficient volume, at this early date, to warrant tabulation which might be considered an authoritative straw which accurately indicates the direction of the August political winds. The Michigan vote shows:

Landon	45.9
Roosevelt	54.1

Another distribution of first returns from the 23 states, as between Roosevelt, Landon, and Lemke only, shows:

Landon	52.2
Roosevelt	44.4
Lemke	3.4

The early interest shown in the poll by publishers through the country, plus the continued tabulation.

What Irvin S. Cobb Thinks about

Debunking War's Romance

SANTA MONICA, CALIF.

Mrs. "Tad" Lighton, one of the smartest women on this or any other coast, has started a symposium of suggestions for the promotion of national sanity the next time diplomats or politicians, profiteers or professional sword rattlers, or all of these types combined, try to rush a country into futile and uncalled for war.

Her peace formula includes these ideas:

No brass bands whatsoever. No speech making by stay-at-home orators. No recruiting except by men who have themselves enlisted for active service. No brass buttons. No shiny buckles. No medals. Respect for the flag and, if necessary, all proper defense for it, but no cheap waving of it beforehand. No blatant emotional displays being turned on or off like a hydrant. Reason to be moved rather than mobsteria.

Red Baiters' Field Day

A GENTLEMAN in Iowa, who presumably inquired into the matter, asserts that in this country are upwards of 4,000,000 aliens who entered illegally and that the vast majority of these over 90 per cent, are on relief. While we're fighting corn borers and tobacco worms and boll weevils with government funds, wouldn't it be a grand idea to turn a lot of G-men loose to round up these snuggled-in human parasites and ship them back where they came from?

Locally speaking, I'm told that the average foreign-born agitator, ostensibly seeking to organize the casual workers of this state, is really a red agent spreading communist doctrines under cover of his seeming activities in the industrial field. In other words, his real aim is not to unionize labor but to disunionize America.

Watson, the fly-swatter and the insect poison—quick!

The League's Big Moment

AT LAST here's a chance for the League of Nations to function. For the poor thing it has been an uphill pull to slide down hill so steadily, with each descending step toward the bottom marked by disappointment and failure. It had almost as tough sledding as a smooth-faced, bearded lady would have trying to get a job in a museum.

But now, the league can punish at least one small nation for persistently breaking the otherwise solid front presented by nearly all the important European powers. Surely, ere long, it will hang some sort of penalty on little, simple-minded Finland for regularly paying installments on her debt to us.

This disruptive thing cannot possibly be permitted to go on forever when the sacred principles of dishonor, ingratitude and repudiation are all at stake!

Paging the Black Legion

IT IS passing strange that the Black Legion is so slow about offering Herr Hitler honorary membership in the mother-lodge up in Michigan. Both parties seem to feel alike on the subject of persons of color.

Meanwhile just so long as they didn't try to stop him from shaking those nubile feet over brown-skinned flying squirrel, Jesse Owens, should worry because a dictator refuses to shake his hand.

With Metcalfe and other dark colleagues helping him pile up a commanding lead for the American team in the Olympic games, it's almost time for the band to play "All Gaud's Chiffun Got Wings."

Synthetic Spanish Hidalgoes

AND the famous Santa Barbara fiesta festing on every side and yours truly looking as much like a Spanish hidalgo as anybody born in McCracken county, Ky., could be expected to look.

Plenty of other disturbing occurrences, too. Heat wave still hanging on in spots. Fresh European complications on account of the Spanish mess.

Down at his home on the range where seldom is heard a discouraging word—except from Washington, D. C.—we behold Uncle Jack Garner, with his head over the corral bars, beginning to moo plaintively.

And now, on top of all that, it seems we must start worrying about Tommy Manville's next wife or wives, as the case may be—and probably will.

I do wish Tommy could see his way clear to hold off till fall. If memory serves me right, the fall always was his favorite marrying season, anyhow.

Forest fire that started Thursday burned over an area of some 500 acres about five miles north and west of Frederic. That night and Friday it got so threatening and had the populace of Frederic frightened. CCC men and others aided in fighting it and it was gotten under control Monday. However the woods are still smoldering.

Fire was discovered in the rear of the Harold Skingley home on the river Sunday morning. Both Mr. and Mrs. Skingley were away from home at the time, and but for the quick action of Ted Baynham a neighbor, who was passing, there might have been serious damage. It is thought the fire was caused from hot ashes that had been placed at the rear of the house.

Mrs. Frieda Lemartz reports that she placed a bouquet of garden flowers upon the grave of her husband at Elmwood cemetery and claims she found them on the grave of another a couple of days afterward when she went there. Mrs. Lemartz says if this occurs again she is going to report it to the sheriff. There are others who have been complaining of having the same trouble at the cemeteries.

Leaving here Tuesday Mrs. Cox went on to Lansing to join her husband who was attending the state American Legion convention and had the honor of having been chosen state commander of the organization for the next year.

The American Legion Drum and Bugle corps making their first appearance in their new uniforms Monday night, made a striking sight as they paraded Michigan avenue enroute to the Donkey ball game. In the absence of drum major Earl Wood Miss Guinivere Trudeau cleverly led the corps stepping gracefully and using her baton and whistle just like a professional. The new uniforms got pretty nifty.

Word was received by Mr. H. W. Wolf Saturday telling of the sudden death of Mr. Oliver Melton, vice president of the Chicago office of the American Car & Foundry Co. Mr. Melton stepped from a suburban train directly in front of another train and was killed instantly. Several Grayling people had met Mr. Melton, he having visited the Wolls. He possessed a beautiful baritone voice which many people here had had the pleasure of hearing. Mr. Wolf left Sunday to be in attendance at the funeral.

E. J. Olson has purchased the corner property of the Olson estate. This is the property formerly occupied by Chas. Mr. Olson says he expects to have the shop ready for occupancy this fall. It will be a two-story block. This will be a fine improvement for our main street, and we congratulate E. J. Olson on his enterprise.

VanNatter.

About the largest crowd that ever gathered at the baseball park witnessed the donkey ball game Monday night, that was played under the auspices of the Legion Drum and Bugle corps. It took one back to the good old base ball days when "Hawke" Hanson managed the famous Grayling team and played Tom Stephens' Otsego on the home lot that brought excursion trains from all corners of Northern Michigan. To go back to the donkey ball game it was a lot of fun, and the first inning ran pretty smooth, but the more the players rode the donkeys the balkier they got and towards the end, most all of the players found themselves on the ground most of the time.

Reward will be paid for the return of a pair of Oxford glasses with chain in a case that were lost on Michigan Avenue Saturday, Aug. 15. Please leave at Avalanche office.
